Free Classroom Trial: One Classroom, One School Year

Try the whole program with one class before you spend anything. Nothing to sign up for, no card, no student accounts. The trial never turns into a paid plan by itself.

What you get

- Full access to all 30 illustrated books (Series 1 and Series 2, two series of 15) for one classroom for one school year (access code)
- Teacher guide with a first-day script. About 10 minutes a day of read-aloud, no prep
- Student workbook pages and a parent letter
- The same short quiz before and after, plus the Class Scorer spreadsheet, which prints a one-page Principal Report

How it works

1. Request a code at mntyedu.com/free-code (teacher, school, email).
2. Day 1: give the before-quiz. Enter the scores in the Class Scorer.
3. Read one book every few days, about 10 minutes a day, at your own pace through the school year.
4. When you're ready (after Book 5 is a good point), give the after-quiz. The Class Scorer prints your Principal Report.
5. Optional: share your class averages and a short comment at mntyedu.com/results. Only class averages, never student names.
