Arizona Standards Map: Series 2

Money Nobody Taught You, Series 2 (15 books, available now) · standards alignment by legal/official code

AVAILABLE NOW · All 15 Series 2 books are published. Each row shows the Series 2 book(s) written to teach that standard. Use it alongside the Series 1 map.

Arizona History and Social Science Standards (adopted Oct. 22, 2018), High School Economics, financial literacy strand HS.E1.1-HS.E1.5 (PDF p. 51). Arizona has no stand-alone personal finance standards; the required half-credit economics course must include financial literacy (SB 1058, which would have created PF standards by July 2026, did not pass). azed.gov blocks scripted downloads (HTTP 403), so the official PDF could not be saved. The standard text was taken from two independent copies that agree word for word (banzai.org alignment page and the Junior Achievement Arizona correlation). Re-check against the ADE PDF in a browser before printing.

Standards list verified: 2026-10-14 (CT). Rule: rows come only from the official codes in the Series 1 map; a row is listed only where a Series 2 book was written to teach it. A row-by-row check against the finished book text is in progress.
