Texas details in the books

The series is set in Fort Worth, Texas. Mississippi teachers may want to point out these local differences.

• Book 6: "Texas doesn't have a state income tax." Mississippi does have a state income tax, so students could take away the wrong idea; correct it in class.

• Book 9: "In Texas, most employers can choose not to carry workers' comp." That opt-out is Texas-only; in Mississippi employers generally must carry it.

• Books 12 and 14: fraud reporting names the Texas State Securities Board and Texas Attorney General; Mississippi readers would use their own state securities regulator and attorney general.

• Book 15: will rules cite the Texas Estates Code (e.g. witness age, handwritten wills, transfer-on-death deed); Mississippi law differs in places.

• Book 11, Ch. 12 (p. 151 digital / p. 84 print): custodial account age "in Texas that is generally 21"; Mississippi may use a different age.

• Mississippi has a state income tax; Book 6's "Texas has no state income tax" line would mislead.
