Index: where each character appears

How this index works. Names are A to Z by last name (first name if there isn't one). Each code is Series:Book:Chapter:page, like S1:B3:C6:pg.65, and the page numbers match the printed 6x9 paperbacks for Series 1 and Series 2. ★ **Main characters (in bold)** show their first appearance in each book; supporting characters show every page where they're named. CO = Cold Open. Mentions on the recap and next-book pages after a book's last chapter are listed under that last chapter.

Find any character fast. Names are listed A to Z by last name. Looking for Mrs. Ybarra? Find "Ybarra," and the code next to her tells you exactly where she shows up. For example, *S1:B4:C11:pg.89* means Series 1, Book 4, Chapter 11, page 89.

How to read

S = Series · B = Book
C = Chapter · pg = Page
S1:B3:C6:pg.65 = Series 1, Book 3, Chapter 6, page 65

Find any character fast. Names are listed A to Z by last name. Looking for Mrs. Ybarra? Find "Ybarra," and the code next to her tells you exactly where she shows up. For example, *S1:B4:C11:pg.89* means Series 1, Book 4, Chapter 11, page 89.

How to read

S = Series · B = Book
C = Chapter · pg = Page
S1:B3:C6:pg.65 = Series 1, Book 3, Chapter 6, page 65
★ **Bold** = main character (first appearance in each book)

Find any character fast. Names are listed A to Z by last name. Looking for Mrs. Ybarra? Find "Ybarra," and the code next to her tells you exactly where she shows up. For example, *S1:B4:C11:pg.89* means Series 1, Book 4, Chapter 11, page 89.

How to read

S = Series · B = Book
C = Chapter · pg = Page
S1:B3:C6:pg.65 = Series 1, Book 3, Chapter 6, page 65
★ **Bold** = main character (first appearance in each book)
